How Corporate Membership Works...

art league
of LONG ISLAND

Established in 1955, the Art League of Long Island's primary focus is to offer affordable classes to students of all ages and experience levels - literally from 5 to 95 - and in all media: painting, drawing, sculpture, ceramics, digital photography, computer graphics, jewelry and many more. ALLI also offers a wide selection of classes, workshops, exhibits, lectures, museum tours, and fine arts & crafts shows.

Located in easily accessible Dix Hills, the Art League offers about 200 classes each semester taught by our highly esteemed faculty in nine spacious studios. Students from beginner to experienced artists come to the Art League to learn from the best. In addition, a bi-level atrium gallery houses a dozen different exhibits throughout the year.

In the summer, kids ages 5 to 17 participate in the Summer Art Adventure Program. For kids ages 5-6 five weekly themed programs run 2½ hours per day, and for ages 7 to 14 young artists create art, make friends, and have fun in themed programs running five hours per day. Serious art students ages 14 to 17 learn advanced techniques, college portfolio preparation and AP Studio Art criteria.

When you become a Corporate Member, you are offering each of your employees and their immediate family a one-year membership at the Art League of Long Island (a \$50 individual & \$70 family value). This is a low-cost perk for all of your employees that you can't find anywhere else.

EACH EMPLOYEE WILL RECEIVE:

- Member discounts on classes and workshops
- Invitations to exhibit openings, receptions, lectures, workshops, and art and craft fairs
- Discounts at local art supply stores
- Eligibility to exhibit their work in our annual Member's Show and Strolling Gallery

...and much more!

HOW DO YOU AS AN EMPLOYER BENEFIT?

Enhance your employee benefits package through this inexpensive "Lifestyle Benefit." In addition to health benefits and education benefits, your employees can enjoy "arts benefits."

Employees and their immediate family members gain creative insight and fulfillment by creating art.

The arts encourage people to think more creatively and helps improve their decision-making by thinking "outside the box."

Reduced fees for gallery space rental.
